Helping business shape
a better future

Join our Immersive Global Leadership Experience

Develop leadership capability and insights into the power of CISL programs through an intensive and inspirational 3.5 day journey

Location: Nairobi, Kenya

Date: 21-24 May 2018

Participants: Those responsible for developing programmes that feature CISL, as well senior leaders and talent who want to think and act holistically to benefit the needs of both business and society.

As businesses become more integrated into global society, expectations placed on companies and leaders are growing. At the same time, Corporate International Service Learning (CISL) programs are becoming an increasingly popular tool for companies looking to build the talent and skills of their workforce while addressing societal needs in the markets where they do business.

The Immersive Global Leadership Experience provides participants with an impactful and immersive way to test the CISL approach by bringing together participants from several companies, across various disciplines to experience the powerful learning approach that builds the awareness, skills and mindset required to become responsible leaders.

Of CISL Participants felt that partner organisations supported had a real need for their skills and expertise

Data from 688 CISL programme participants of 6 global organisations as published in the [2017 CISL Impact Benchmark Study](#).

About CISL

CISL Programs work. Our ground-breaking impact Studies show that well executed programs deliver profound learning for participants, significant benefit to partners and a strong return on investment for business.

This learning by doing approach combined with meaningful interactions and thought-provoking explorations with local people and fellow participants enables 'whole person' learning to take place which make the CISL outcomes more impactful.

Note: due to the small group
nature of the program, there
are limited places available.

What to expect:

- Ⓢ The unique design of this program, not only develops key global leadership skills, but also provides an arena for learning and insight from the diverse perspectives of talent from other companies
- Ⓢ Powerful immersive experiences in local projects and organisations providing under-the-skin insights into local context
- Ⓢ Facilitated problem-solving with the leadership of inspirational organisations tackling employability and entrepreneurship in Africa, using an approach that develops leadership skills and diverse team-working capability
- Ⓢ Guided reflection and elevated sense-making that supports participants to develop skills and perspectives that can be applied to their work and that will help design impactful CISL programmes
